

§ 930.76 Submission of an OCS plan, necessary data and information and consistency certification.

Any person submitting any OCS plan to the Secretary of the Interior or designee shall:

(a) Identify all activities described in detail in the plan which require a federal license or permit and which will have reasonably foreseeable coastal effects;

(b) Submit necessary data and information pursuant to § 930.58;

(c) When satisfied that the proposed activities meet the federal consistency requirements of this subpart, provide the Secretary of the Interior or designee with a consistency certification and necessary data and information. The Secretary of the Interior or designee shall furnish the State agency with a copy of the OCS plan (excluding proprietary information), necessary data and information and consistency certification.

(d) The person's consistency certification shall be in the following form:

The proposed activities described in detail in this plan comply with (name of State(s)) approved management program(s) and will be conducted in a manner consistent with such program(s).

§ 930.77 Commencement of State agency review and public notice.

(a)(1) Except as provided in § 930.60(a), State agency review of the person's consistency certification begins at the time the State agency receives a copy of the OCS plan, consistency certification, and required necessary data and information. A State agency request for information and data in addition to that required by § 930.76 shall not extend the date of commencement of State agency review.

(2) To assess consistency, the State agency shall use the information submitted pursuant to the Department of the Interior's OCS operating regulations (see 30 CFR 250.203 and 250.204) and OCS information program (see 30 CFR part 252) regulations and necessary data and information (see 15 CFR 930.58).

(b) Following receipt of the material described in paragraph (a) of this section, the State agency shall ensure

timely public notice of the proposed activities in accordance with § 930.61.

§ 930.78 State agency concurrence or objection.

(a) At the earliest practicable time, the State agency shall notify in writing the person, the Secretary of the Interior or designee and the Director of its concurrence with or objection to the consistency certification. State agencies should restrict the period of public notice, receipt of comments, hearing proceedings and final decision-making to the minimum time necessary to reasonably inform the public, obtain sufficient comment, and develop a decision on the matter. If the State agency has not issued a decision within three months following commencement of State agency review, it shall notify the person, the Secretary of the Interior or designee and the Director of the status of review and the basis for further delay in issuing a final decision. Notice shall be in written form and postmarked no later than three months following the commencement of the State agency's review. Concurrence by the State agency shall be conclusively presumed if the notification required by this subparagraph is not provided.

(b) Concurrence by the State agency shall be conclusively presumed if the State agency's response to the consistency certification is not received within six months following commencement of State agency review.

(c) If the State agency objects to one or more of the federal license or permit activities described in detail in the OCS plan, it must provide a separate discussion for each objection in accordance with § 930.63.

§ 930.79 Effect of State agency concurrence.

(a) If the State agency issues a concurrence or is conclusively presumed to concur with the person's consistency certification, the person will not be required to submit additional consistency certifications and supporting information for State agency review at the time federal applications are actually filed for the federal licenses or permits to which such concurrence applies.
